

# Alcohol Awareness Month

The rate of teen drunk driving is down 54% since 1991

BUT

10% of teens still drink and drive

3 out of 4 of high school students in Pima County do not drink

## Grow your brain:

A huge burst of brain development occurs during adolescence and drinking alcohol during this crucial brain growth period can damage parts of the brain that control memory, judgment and decision making, impulse control and motor control.
