

READING PARTNERS

2017-18 school year at a glance

Reading Partners mobilizes communities in 14 regions across the US to provide students in under-resourced schools with the proven, individualized reading support they need to read at grade level by fourth grade.

How Reading Partners works

PROVEN PROGRAM

- ✓ Gold-standard research shows Reading Partners has a positive and statistically significant impact on student reading proficiency with a high return on investment.

COMMUNITY DRIVEN

- ✓ We partner with schools, community groups, and local volunteers to multiply resources and impact for our students, providing them with twice-weekly, one-on-one tutoring sessions.

INDIVIDUALIZED

- ✓ We place elementary students into our research-based curriculum at the appropriate level and use ongoing assessments to help tailor and focus their instruction.

Early reading skills are imperative for success in school and life

READING IS THE FOUNDATION FOR ALL FUTURE LEARNING

Research shows that when students can read at grade level entering fourth grade, they are four times more likely to graduate from high school.

THE NEED IS SUBSTANTIAL AND URGENT

Only one out of five of our nation's fourth grade students from low-income families is reading at grade level.
