To the administrators of the Provider User-Experience Challenge,

I am the CMIO at the University of Pennsylvania Health System/Penn Medicine. I have worked with Dr. Gitelman, Dr. Do and Dr. Choi on several projects in the past 2 years. I support their designs for problem based views and quality dashboards and will provide them access to our existing EHR interfaces. I have full confidence in this team's ability to develop this tool. Please contact me with any further questions.

Sincerely,
