Attend a fundraiser or drive

Join us at one of our events soon!

Shop with a cause

Purchase an item from our Amazon Wish List. No need to lug those large items around - they'll be delivered to us directly!

Show your support

Stay up-to-date and help us spread the word!

@palmettoproject

www.FamilySupplyNetwork.org

The Family Supply Network is an initiative of Palmetto Project, a statewide organization established in 1984. Palmetto Project identifies and implements innovative, evidence-based strategies that address social and economic conditions in which South Carolina ranks at or below the national average.

**Providing
household
cleaning
and hygiene
essentials with
dignity**

ABOUT US

The Family Supply Network serves Berkeley, Charleston, and Dorchester county families and individuals in need by providing free household cleaning and hygiene essentials with dignity.

How we work

We operate as a centralized “bank” to collect and redistribute household and hygiene essentials through a network of partner non-profit organizations, school districts, case managers, and social workers who serve clients directly.

Did you know...

government assistance programs don't cover hygiene essentials?

DONATE

In-kind donations

Make an in-kind gift of personal care or household cleaning products!

We accept small quantities and large quantities of products – no amount of items is too large or too small! We prefer full-size personal hygiene and household products, but will accept travel sizes.

All donations are tax-deductible.

Drop-off your donation

Monday – Friday, 9:00am - 5:00pm

Call us in advance: 843-577-4122

Palmetto Project offices

6296 Rivers Avenue, Suite 100

North Charleston, SC 29406

Host a donation drive

We'll provide you with a toolkit to help you set up a drive at work, school, or community group.

Donate funds

Funds are used to buy hygiene essentials and cleaning products in bulk. Bulk items are then distributed to clients through our agency partners.

RESOURCES

Educational Materials

The Family Supply Network creates and accesses free and low-cost materials that can be used to educate the general public about:

- Personal hygiene
- Oral hygiene
- Keeping your surroundings clean
- The links between hygiene, self-esteem, and long-term health

Presentations

We are happy to present to your group about our program and its impact in our community. We also offer a variety of educational presentations to all age groups.

General Resources

Visit our website for a list of websites and articles related to personal care.
