Instructor: Ron Thompson

Education affidavits provided to your students must be completely filled in and the information on them verified prior to being signed and dated by the instructor. If you produce your own, be sure they contain all the information that is requested on the current NHREC Education Credit Affidavit. Please emphasize that in order to apply toward continuing education credit, all education affidavits that your students earn must be included as part of their renewal application, not sent in separately.

Course attendance records must be kept for a minimum of three years, and in order to maintain current information, the Commission requires that you promptly notify this office should there be a change in your company's contact information. You are also required to regularly submit a schedule of all courses offered by your company showing the dates, times and locations.

Sincerely,

A handwritten signature in black ink that reads "Beth A. Edes".
